Subject: geViews - Spring Planters and Street Furniture

Good Morning Mike,

I hope you and everyone at Shinfield Parish Council had a great Christmas and I hope the New Year treated you well!

Like most people we were glad to see the back of 2020 and we're looking forward to Spring and Summer 2021, where we will all hopefully be able to head back outside and enjoy our spaces again (which I think we all have a new appreciation for)!

As you may know we work with Parish Councils across the UK helping them brighten up and add some colour to their spaces with a range of **Self Watering Planters, Barrier Baskets, Hanging Baskets, Planter Towers** and a Range of **Street Furniture!**

Our focus this year will be again to provide councils with **Cost Effective, Low Maintenance, Hardwearing, Environmentally Friendly** Planting solutions... So they're able to brighten the spaces for their communities in an efficient and effective way - AND make the most out of their budgets!!

Do you know if this is something the Council may be looking at over the coming weeks Mike? If so, let us know your ideas and it would be great to see if we can help.

Clicking on any of the images will take you over to our website to take a look at our range, alternatively if you would like a brochure, feel free to let me know and I can get one sent across – it would be great to hear if anything catches your eye!

As always, our products are manufactured by us here in UK to Premium Specifications and are UV Stable and 100% Recyclable.

Take care Mike and I hope to hear from you soon.

Kind Regards,

Kieran Wells
geViews Development Manager

Pagoda Tower Display Board

Coming
Soon

Looking to make your planter unique?

The Pagoda Tower Display Board is the perfect addition to your fantastic display, helping to give your planter something truly different!

The opportunities really are endless! The Pagoda Tower Display Board can be used to promote Sponsors, promote Organisations or promote Community Groups. Or it can be used to give passers-by Facts about the area, Direct them to Points of Interest or even promote Local Events... And much much more.

The Stainless Steel Frame has been designed to be easily fixed to both existing and new Pagoda Towers. The weather resistant, hard-wearing, double sided Display Board is also designed to be easily installed and can be changed whenever you like by securing another geViews Display Board... It's that simple.

The Pagoda Tower Display Board really does offer the opportunity to transform your planter into more than just something great to look at.
