We have a residents champion in Clements Close, **Lorraine Sutton** who has galvanised her neighbours into litter picking and keeping the area decent for all.
She is also involved with the football club and is eager to get the children involved with the big litter clean up in March.

As you may know Clements Close is a neglected area of Spencer's Wood and would benefit in some support. WBC tend to ignore the area.

There is no where for children to play maybe some swings? goal posts? Something to reward the residents for taking some control over the anti social behaviour caused by bored children.
